

CAMPUS VISITS & EVENTS

Visiting campus is the best way to explore what we offer you! Experience Dearborn, meet the Difference Makers and see our campus community in action. The Office of Undergraduate Admissions offers multiple visit options including scheduling a one-on-one appointment and attending an informational session or taking a student-guided tour of the beautiful campus to get a first-hand feel for what it's like to be a Wolverine.

Take a campus tour led by a current student—it's a great way for you to get the inside scoop on student life, buildings, classrooms, and great places to study. In-Person and Virtual Tours are available.
