

CASL PRACTICE BASED LEARNING (CPBL)

CPBL 101 Major and Career Exploration in Social and Environmental Justice 4 Credit Hours

This is a Practice-Based Learning (PBL) course. PBL focuses on applying what is being learned and learning by doing. A major goal of the course is to help students explore different majors and careers and to develop connections in CASL and across campus. Students will work together to address an applied problem within the theme of Social and Environmental Justice. At the end of the course, students will reflect on their experiences and develop a multi-year plan for academic, career, and personal growth. Information on the specific project for this section of the course may be found here: <https://umdearborn.edu/casl/undergraduate-programs/foundations-program> (F).

CPBL 400 Practice Based Learning Capstone Course 4 Credit Hours

This is a practice-based learning course. Practice-Based Learning (PBL) focuses on applying what is being learned and learning by doing. Students will work on an applied problem from two or more disciplinary perspectives. The course will focus on the development of problem-solving skills. The ability to function effectively as a team member with those from different disciplines and with different perspectives, experiences, and views will be emphasized. Problem solving will be examined as an iterative process in which information and feedback are used to rethink problems and revise solutions. Solutions will be examined in terms of their overall usefulness and equity across different groups. Students will learn how to present their coursework and the skills they have developed to potential employers. (F, W).

Restriction(s):

Can enroll if Class is Junior or Senior
